Respectfully submitted,

LOTTIE L. RUST,

Treasurer

The above report would seem to indicate the satisfactory and active condition of our Nursing Service. A few items might be mentioned in addition to the actual figures above shown. The past year has seen no large amount of serious illness in town, especially such as the Grippe epidemic of the preceding year. This happy condition has enabled the Nurse to pay more attention to her welfare calls, where she has been directly or indirectly the means of the relief of much suffering and even of destitution.

By a fortunate combination of circumstances, it has been possible to exchange the Red Cross Car for a much more substantial Buick Coupe, which is giving excellent satisfaction.

A supply closet, properly furnished with all needed supplies in bulk, is being prepared at the Carpenter School.

The Nurse has also established a monthly Clinic for babies and pre-school children, which is being well attended and proving its helpfulness. She hopes to start a Class in Home Hygiene in the near future.

The Public Health Nursing Service is no longer an experiment in this town. It has proven its worth, which has been made possible by the hearty coopera-

tion of all the physicians, and the generous appropriation made by the voters of the town. With a continuance of such loyal support, it hopes to function with ever increasing usefulness.
